

# IDENTIFY EQUINE BODY ISSUES

## Half-day Seminar

International Speaker & Certified Instructor

### April Battles

INVITES YOU TO ATTEND

a half-day seminar where you will learn how to hands-on identify body issues in horses that affect their mental and physical well-being as well as their performance and longevity.

### Enjoy

an hour presentation given by April. During the presentation you will be able to ask all of your questions as they arise. Afterward, the group will check out a few horses so you can touch and feel areas of the body that are too tight and not allowing proper movement.

## Topics to be Presented Include:

- The Difference Between Conformation Versus Posture
- Premature Arthritic Conditions: Source & Prevention
- Training & Behavioral Issues Directly Linked to Body Issues & Pain
- Balance of the Horse's Body & its Affect on the Hooves
- Balance of the Hooves & Their Affect on Organs, Joints & Muscles
- Nutritional Therapies Available & Their Benefits
- A Brief Introduction to April's Methods of Treatment
- Simple Solutions to Problems Like: Chiropractic Issues, Abnormal Hoof Growth Patterns, Side Bone, Pinning Ears, Head Tossing, Cross Firing at the Canter, Bucking, Tripping, Heavy on the Fore End, Roach Back, Hunters Bump, Insulin Resistance, Pre-Cushing's... and More!
